Future Guiding Eyes for the Blind Puppy Raiser has arrived! By Kelly Coney

Just wanted to let you know that we have a new member to our family.

Our baby girl, Madeline Grace, arrived on 2/26 after being medically induced due to sudden pre-eclampsia. We are both doing great now after a long (and touch and go labor /delivery at times) and were happy to avoid an emergency c section. I am just being monitored for continued slightly elevated blood pressure and Madeline is just great.

Luckily I have had great support from our amazing puppy sitters during this time and look forward to introducing Madeline to Jody this weekend.
